The share based compensation shall be granted in the form of restricted stock units under the terms of the Company's 2014 Equity Incentive Plan, as amended. Both the cash and share based compensation shall be paid in quarterly installments, with share based compensation vesting on the first anniversary of the date of grant. The vesting of granted awards shall not be subject to continued service on the Company's board of directors and shall not be tied to performance requirements."

Recommendation

In accordance with the charter of the Compensation Committee adopted by the Board of Directors, the Compensation Committee is tasked with, among other functions, setting compensation for the directors of the Company.

After careful review and consideration, the Compensation Committee proposes to maintain the same fee arrangement for the Company's non-executive directors which was approved by the Company's shareholders during the Annual General Meeting held on April 22, 2022, and therefore pay the following mix of cash and share based compensation to the non-executive directors of the Company with respect to their duties and responsibilities as directors of the Company for the 2023 financial year which will end on December 31, 2023:

| Name | Cash Compensation | Share Based Compensation (Value at grant date) | Total Annual Compensation (Cash + Share Based) |
|---------------------------------|--------------------------|---|---|
| Mrs. Linda Rottenberg | USD 100,000 | USD 100,000 | USD 200,000 |
| Mr. Richard Haythornthwaite | USD 100,000 | USD 100,000 | USD 200,000 |
| Mr. Philip Odeen | USD 100,000 | USD 100,000 | USD 200,000 |
| Mr. Francisco Álvarez-Demalde | USD 100,000 | USD 100,000 | USD 200,000 |
| Ms. Maria Pinelli | USD 100,000 | USD 100,000 | USD 200,000 |
| Ms. Andrea Mayumi Petroni Merhy | USD 100,000 | USD 100,000 | USD 200,000 |
| Total | USD 600,000 | USD 600,000 | USD 1,200,000 |

The share-based compensation shall be granted in the form of restricted stock units under the terms of the Company's 2014 Equity Incentive Plan, as amended. Both the cash and the share-based compensation shall be paid in quarterly installments, with share-based compensation vesting on the first anniversary of the date of grant.

The vesting of granted awards shall not be subject to continued service on the Company's Board of Directors and shall not be tied to performance requirements.

In the event a non-executive director steps down from the Board of Directors at any time before the next annual general meeting any quarterly payments and/or grants due after his or her departure shall be forfeited and the Company shall be entitled to offer them to a replacement non-executive director.

The Compensation Committee believes that the mix of cash and share based compensation proposed, which is the same mix of cash and share based compensation approved for the fiscal year 2022, is reasonable and within a range of compensation arrangements of other non-executive board members of comparably-sized companies listed on the New York Stock Exchange, and therefore the recommendation of the Compensation Committee is to maintain the same mix and amounts for the fiscal year 2023.

With respect to the share-based compensation, the Compensation Committee has also considered that U.S. companies commonly issue share-based compensation to non-executive directors, and the Company, which is listed on the New York Stock Exchange, has adopted this approach to better reflect U.S. market practice.

Further, the Compensation Committee believes that payment of a portion of their compensation to our non-executive directors in the form of restricted stock units not only serves as a recruiting and incentive instrument, but also acts to strengthen the alignment of the interests of the non-executive directors and the interests of the Company's shareholders, by motivating participants to focus on shareholder value and returns.

The Compensation Committee notes that the proposed cash and share based compensation covers the full amount of cash and share based compensation to be paid to non-executive directors for the period commencing after the approval thereof by shareholders at the annual general meeting of shareholders, and up to the date of the annual general meeting of shareholders to be held in 2024 to resolve on the approval of the annual accounts of the Company for the financial year ending on December 31, 2023.

None of our executive officers who are also members of our Board of Directors shall receive cash or share based compensation for his service as a member of the Board of Directors and, under Luxembourg law, executive compensation not related to directors' duties is not subject to shareholder approval. As a consequence, shareholder approval is not being sought in that respect.

After careful review and consideration, the Compensation Committee recommends a vote **FOR** the proposed cash and share based compensation to the non-executive members of the Board of Directors for the financial year ending on December 31, 2023.

7. Appointment of PricewaterhouseCoopers, *Société coopérative*, as independent auditor for the annual accounts and the EU IFRS consolidated accounts of the Company for the financial year ending on December 31, 2023.

“The general meeting renews the mandate of PricewaterhouseCoopers, Société coopérative, as independent auditor for the annual accounts and the EU IFRS consolidated accounts of the Company for the financial year ending on December 31, 2023 and for a term to expire on the date of the annual general meeting of shareholders of the Company to be held in 2024.”

Recommendation

In accordance with the charter of the Audit Committee adopted by the Board of Directors the purpose of the Audit Committee is, among other tasks, to assist with the Board of Directors' oversight of the Company's accounting and financial reporting processes and the audits of the Company's financial statements. The Audit Committee is responsible for recommendations to the general meeting of shareholders of the Company regarding the appointment, replacement, compensation, evaluation and oversight of the work of the independent auditors to be retained to audit the annual financial statements of the Company and review the quarterly financial statements of the Company.

The Audit Committee recommends a vote **FOR** the re-appointment of PricewaterhouseCoopers, *Société coopérative*, as independent auditor for the annual accounts and the EU IFRS consolidated accounts of the Company for the financial year ending on December 31, 2023 and for a term to expire on the date of the annual general meeting of shareholders of the Company to be held in 2024.

8. Appointment of Price Waterhouse & Co. S.R.L. as independent auditor for the IFRS consolidated accounts of the Company for the financial year ending on December 31, 2023.

The Audit Committee is responsible for recommendations to the general meeting of shareholders of the Company regarding the appointment, replacement, compensation, evaluation and oversight of the work of the independent auditors to be retained to audit the annual financial statements of the Company and review the quarterly financial statements of the Company.

**AGENDA OF THE EXTRAORDINARY GENERAL MEETING,
PROPOSED RESOLUTIONS AND RECOMMENDATIONS.**

1. Decision to increase the authorized share capital of the Company, excluding the Company's issued share capital, to an amount of five million twenty-five thousand eighty-six US dollars and forty cents (USD 5,025,086.40), represented by four million one hundred and eighty-seven thousand five hundred and seventy-two (4,187,572) common shares having a nominal value of one US dollar and twenty cents (USD 1.20) each, including authorization of the Board of Directors to waive, suppress or limit any pre-emptive subscription rights of existing shareholders for any issue or issues of common shares within the scope of the Company's authorized capital during a period of five (5) years starting from the date of the Extraordinary General Meeting of Shareholders, and subsequent amendment of articles 6.1 and 6.2 of the articles of association.

Draft resolution (Resolution I)

“Having heard the report of the board of directors prepared in accordance with Article 420-26 (5) of the Law of 10 August 1915 on commercial companies, as amended (a copy of which shall remain attached to the present deed to be registered therewith), the general meeting resolves to increase the amount of the authorized share capital of the Company to the amount of five million twenty-five thousand eighty-six US dollars and forty cents (USD 5,025,086.40), represented by four million one hundred eighty-seven thousand five hundred and seventy-two (4,187,572) common shares having a nominal value of one US dollar and twenty cents (USD 1.20) each.

The general meeting further resolves that the board of directors is authorized to issue common shares, to grant options to subscribe for common shares and to issue any other instruments convertible into, or giving rights to, common shares within the limit of the authorized share capital to such persons and on such terms as it shall see fit, and specifically to carry out such issue or issues without reserving a pre-emptive subscription right for the existing shareholders during a period of time from the date of this extraordinary general meeting of shareholders held on 19 April 2023 and ending on the fifth (5th) anniversary of the date of this meeting. Such common shares may be issued above, at or below market value, above or at nominal value, or by way of incorporation of available reserves (including premium).

For the purpose of the above, the general meeting expressly authorizes the board of directors to waive, suppress or limit any pre-emptive subscription rights of shareholders to the extent the board of directors deems such waiver, suppression or limitation advisable for any issue or issues of common shares within the scope of the Company's authorized share capital.

Finally, the general meeting resolves to amend articles 6.1 and 6.2 of the articles of association of the Company so that they shall read as follows:

6.1 The Company's authorized capital, excluding the Company's share capital, is set at the amount of five million twenty-five thousand eighty-six US dollars and forty cents (USD 5,025,086.40), represented by four million one hundred eighty-seven thousand five hundred and seventy-two (4,187,572) common shares having a nominal value of one US dollar and twenty cents (USD 1.20) per common share.

6.2 The board of directors is authorized to issue common shares, to grant options to subscribe for common shares and to issue any other instruments convertible into, or giving rights to, common shares within the limit of the authorized share capital, to such persons and on such terms as it shall see fit, and specifically to carry out such issue or issues without reserving a pre-emptive subscription right for the existing shareholders during a period of time from the date of the extraordinary general meeting of shareholders held on 19 April 2023 and ending on the fifth (5th) anniversary of the date of the extraordinary general meeting of shareholders held on 19 April 2023. Such common shares may be issued above, at or below market value, above or at nominal value, or by way of incorporation of available reserves (including premium). The general meeting has authorized the board of directors to waive, suppress or limit any pre-emptive subscription rights of shareholders to the extent the board deems such waiver, suppression or limitation advisable for any issue or issues of common shares within the scope of the Company's authorized (un-issued) share capital. This authorization may be renewed, amended or extended by resolution of the general meeting of shareholders adopted in the manner required for an amendment of these articles of association. Upon an issue of shares within the authorized share capital, the board shall have the present articles of association amended accordingly.”

Recommendation

The Board of Directors recommends a vote **FOR** the approval of the increase of the Company’s authorized capital and the extension of its duration. The reasons and justification for the proposed increase of the authorized capital of the Company are detailed in the report of the Board of Directors prepared in accordance with Article 420-26 (5) of the law of 10 August 1915 on commercial companies, as amended (the “**Companies Law**”) (the “**Report of Authorized Capital**”).

Accordingly, the Board of Directors considers it convenient to increase the authorized capital available, as otherwise the portion of the authorized capital currently available will not be sufficient for the Board of Directors to retain enough flexibility to satisfy the needs set forth in the Report of Authorized Capital. Specifically, the Board of Directors deems it convenient to have sufficient authorized capital available in case the Company needs to raise capital on short notice, in situations that prevent the Company from calling a specific general meeting in order for shareholders to approve a specific capital raising, or would otherwise not be beneficial from a commercial stand point to do so.

In this respect, the Board of Directors would like to note that many of the Company’s current shareholders are of the view that the Board of Directors should use the authorized share capital for investment purposes, leveraging on the positive financial performance of the Company and its business, all of which has had a positive impact in the Company’s market price of its common shares. Therefore, the Board of Directors proposes the above increase of the Company’s authorized capital as an item of the agenda for this extraordinary general meeting, to be voted on by its shareholders for approval.

The Annual General Meeting and the Extraordinary General Meeting of Shareholders (together, the “**Meetings**”) shall be conducted in conformity with the voting requirements of the Companies Law, and the Company’s Articles of Association.

Each of the items to be voted on the Annual General Meeting will be passed by a simple majority of the votes validly cast, irrespective of the number of common shares present or represented at the Annual General Meeting.

The Extraordinary General Meeting will validly deliberate on the resolution on its agenda provided that a quorum of 50% of the Company’s issued share capital is present or represented. The resolutions will be validly adopted by at least two-thirds of the votes validly cast in favor by the shareholders present or represented. If the aforementioned quorum is not met, the Extraordinary General Meeting may be reconvened by the Board of Directors and at the reconvened meeting no quorum will be required.

Right to Amend the Content of the Agenda

Pursuant to the Company’s Articles of Association shareholders holding at least five percent (5%) of the Company’s issued share capital may request the adjunction of one or several items to the agenda of the Meetings, provided that the request is accompanied by a justification of or draft resolution(s).
